June 2018 Edition

From Your Director of Missions

Sir Thomas More wrote a book titled “Utopia” in 1516. That book had a major influence on a generation of people seeking to sail west to what would later become America to begin anew. It is amazing that More had such an influence on the early settlement, and it is amazing because Sir Thomas More never stepped foot on American soil. The same is true for Sir Walter Raleigh who played a significant role and yet never came to America. I bring both of these men up because they saw a vision of what could be and they encouraged and enabled others to make it become a reality. I want to be an encourager for people who are willing to try new things as well as those who get discouraged. I also want to enable those that are capable to do what God has called them to do; and I want to be willing to do all of this even if I never get to see the end result. Let’s encourage someone today and let’s help someone along the way.

**Enjoying God,
Paxton**
