July 2018 Edition

*From Your
Director of Missions*

I was reminded recently of an illustration found in the book "Radical" by David Platt. He describes a ship that was built beginning in the late 1940's that upon its completion was the fastest most reliable troop carrier in the world, able to transport 15,000 troops and travel 10,000 miles without stopping for fuel. It truly was a work of art and a modern marvel, but the SS United States never carried troops. Instead, it became a luxury liner for presidents and diplomats. I want to live my life in such a way that I do what God designed me for and I want our churches and our association to do the same. I want us to be used by God in the battle that wages for the souls of people instead of trying to figure out how we can be served or make things more comfortable for ourselves. Lord help us not to become a cruise ship when we were designed to be a battleship.

**Enjoying God,
Paxton**
