April 2017 Edition

*From Your
Director of Missions*

I was recently asked by someone, "how many people are not in church on a Sunday morning in our county?" So I pulled out my trusty 2010 Glenmary Study (that is the most recent one) that I have looked at dozens of times to read the numbers. Here is what I read, 63.2% of Trigg County is on a church roll but the tough news comes when we see that **only 22.7%** of the county are in any church on an average Sunday morning. This morning I decided to look a little deeper; I went back to 2010 and compared our total membership to 2016 and found that since 2010 our membership has decreased by over 800 people! So I am going to make a guess that if our membership has decreased I would assume that our attendance has decreased as well. Folks if this is true we are losing our county. I would love to go deeper into this but because of lack of space let me just close by saying, Let's do something about it! In the words of my daughters, "Make moves or make excuses."

Enjoying God- Paxton
